

★
Dear Godfrey,

hello, how are you? Thank you very much for your interesting letter. We are in our first year at the gymnastics school Kerpen. We are 30 students in our class, 26 girls and 4 boys (poor boys ☺).

★
We are so sad about the loss of your uncle and teacher. We hope you and your grandmother are fine. We learned from your letter that one of your classmates comes from Rwanda, in our class there are students from eight different countries (e.g. Netherlands, Italy, Dominican Republic, Cameroon). What are you doing when you come home from school? Do you have any hobbies or do you have to work?

★
Many of us have jobs after school. When we have free times we like to meet friends, do some sports or to read books. And of course we learn for school. In our part of Germany there is a carnival by the beginning of February when people dress up in funny costumes. Is there something like it in Uganda? What kind of festivities do you have in Uganda besides Christmas?

We wish you a merry Christmas and a very happy new year 2010.

Best wishes for you and your grandmother.

Yours ...

Jessy
